15 BOARD MEMBER EADDY: Yes, I am here.

16 PRESIDENT FOREMAN: Thank you. We have
17 full attendance by the Board. We now have a
18 special treat. We, the members of the Board,
19 we've gotten an opportunity to know this person
20 quite well. It's now my pleasure to present
21 Maggie Hickey who's the Independent Monitor of
22 the Consent Decree.

23 Maggie, I am going to turn it
24 over to you. Thank you for joining us tonight.

1 INDEPENDENT MONITOR HICKEY: Thank you very
2 much for having me. And good evening,
3 everyone. My name is Maggie Hickey, and I am
4 the independent monitor for the Chicago Consent
5 Decree, and I just wanted to go through an
6 overview with you all regarding the consent
7 decree. And I found that even though the
8 consent decree has been around for about 18
9 months, that there's still many people across
10 the City of Chicago that aren't exactly sure
11 what the Consent Decree is.

12 I often start my talk just with
13 simply, What is the Consent Decree? It's a
14 legal document that requires changes to the
15 Chicago Police Department's policies and
16 practices to improve policing for everyone in
17 Chicago. It also includes other departments in
18 the City of Chicago, including the Police
19 Board.

20 The required changes that we are
21 focusing on for CPD include community policing,
22 impartial policing, crisis intervention,
23 use-of-force recruitment, hiring and promotion,
24 officer wellness, accountability, data

1 collection and management.

2 This Consent Decree was approved
3 by federal judge Robert Dow and is enforced by
4 Judge Dow.

5 And how the Consent Decree came
6 about was that in June of 2017, there was a
7 lawsuit filed entitled Campbell versus Chicago.
8 And again in October of 2017 there was another
9 civil lawsuit filed on behalf of Communities
10 United against the City of Chicago.

11 In August of 2017, the Office of
12 the Attorney General sued the City of Chicago
13 in federal court, and it was assigned to
14 federal judge Judge Dow, and that's how he
15 became the person presiding over and enforcing
16 the Consent Decree.

17 And the Office of the Attorney
18 General was seeking a Consent Decree in order
19 to address the findings that the Department of
20 Justice has made public in January of 2017.

21 While the parties litigated, in
22 March of 2018, the parties, the Attorney
23 General and the City of Chicago, came to an
24 agreement, and they entered into the Consent

1 Decree. Also, they entered into a Memorandum
2 of Understanding with the community
3 organizations that had sued previously that are
4 described above, Campbell versus Chicago and
5 Communities United. They became commonly know
6 known as The Coalition. And their rights are
7 set out in paragraph 709 of the Consent Decree.
8 The Consent Decree itself has 799 paragraphs.

9 In January of 2019, the Judge
10 signed the consent decree. I was chosen to be
11 the Independent Monitor in March of 2019. But
12 I don't do it alone. I have a team that I work
13 with of experts; that includes a deputy
14 monitor, a project manager, and associate
15 monitors that are experts in each of the areas
16 that I described before, such as impartial
17 policing, and community policing, use of force
18 and all of the different areas of the Consent
19 Decree. And they work with me in order to
20 assess compliance of both the CPD and the other
21 City entities.

22 Now, let me tell you a little bit
23 about what the Independent Monitoring Team
24 does.

1 We report to Judge Dow. We
2 review plans that CPD is going to have to
3 change in protocol, procedures, process and
4 practice.

5 We also observe police training
6 and police work in the field. I, myself, have
7 been out in the field with different officers
8 on ride-alongs. We engage in outreach in the
9 community to understand and learn if the
10 community is truly feeling the changes that are
11 being made at CPD.

12 We also provide input to shape
13 new policy and review the policies that are
14 drafted by CPD. And then in the very end, we
15 determine whether the City has reached
16 compliance with the Consent Decree. And we
17 then issue public reports. We issue public
18 reports. Every six months there's a monitoring
19 period, and then after that we write a report.
20 You can find the reports that are already
21 public on our website, which is
22 CPDmonitoringteam.com.

23 So what have we published so far?
24 When I first became the monitor in March of

1 2019, we had 75 days to develop a monitoring
2 plan for our first year. We developed that
3 plan, and then it was reviewed by both the City
4 and the Attorney General, and we filed that
5 plan on May 30th of 2019. And that set out the
6 paragraphs and the priorities we would be
7 looking at for the first year.

8 As I described earlier, each
9 reporting period is six months, so our first
10 report monitored the period -- and I have to
11 count because it is not on the calendar year.
12 So that ended, I think, in approximately August
13 or September 30th of that year. Then we -- it
14 was August 30th. I'm sorry. And we
15 evaluated -- during that time, we collected
16 many documents, attended many meetings, did
17 investigations and reviewed policies during
18 that time and reported then regarding the
19 compliance that CPD and the other City entities
20 had met within the Consent Decree that came up
21 during that first monitoring period. We also
22 reported on whether deadlines were met or not.

23 Our second report came out in
24 June of 2020. Then we were in year two, and we

1 filed the monitoring plan for year two, and
2 that was on July 3rd. Again, we reviewed the
3 Consent Decree, discussed with the Attorney
4 General and the City and wrote what paragraphs
5 we would be assessing for year two.

6 The monitoring report for the
7 third period is a little different because it
8 happened during COVID.

9 As we all know, our
10 whole -- everybody's life changed in the whole
11 entire country and world. And so the
12 monitoring period during COVID was extended 64
13 days. That was by agreement with the parties,
14 and it was put into an order by federal judge
15 Judge Dow. So we are currently in monitoring
16 report period three.

17 We are doing most things
18 different, just like how everybody is
19 conducting things different this year. Instead
20 of having site visits, we're having virtual
21 site visits. So this way it makes sure we are
22 ensuring the health of the monitors and the
23 police officers and the different people that
24 work in the agencies. And the monitoring

1 period ends on December 30th of this year. We
2 will then have a draft report ready that we
3 will provide to the parties on January 30th of
4 2021.

5 And what else does the
6 Independent Monitoring Team do? In the wake of
7 the protests following the tragic death of
8 George Floyd, the IMT -- that's what we call
9 ourselves. When I first started off with
10 becoming the monitor, I never thought that I
11 would learn all the acronyms of the CPD and
12 other City agencies. And within a few short
13 weeks, I was creating my own acronyms. And the
14 Independent Monitoring Team we call ourselves
15 the IMT.

16 So following the tragic death of
17 George Floyd, the IMT announced that we would
18 be doing a special report regarding CPD's
19 response to the protests. And during that
20 time, we have been working with the Inspector
21 General's Office, and we have been, you know,
22 doing investigations, we have been reviewing
23 documents, we've been holding interviews. And
24 one of the most important things that we did,

1 myself and Inspector General Joe Ferguson, we
2 held a public listening session before -- where
3 federal Judge Dow presided. We did two days of
4 virtual hearings where members of the public
5 were able to come forward and tell their story
6 and what happened to them. This was done -- we
7 had -- people applied to be able to speak
8 publicly at the listening sessions and then we
9 held a lottery. We did it -- you know, a
10 random lottery of who would be able to speak
11 publicly. And then those people that were not
12 able to speak publicly provided written
13 testimony if they wanted. This was very, very
14 valuable information. We are currently, you
15 know, just wrapping up the investigation
16 portion of that investigation, and we will be
17 working on making that report public in the
18 future.

19 Details are available, again, at
20 our website for information about the special
21 report that we are writing.

22 So one of the most important
23 things that the IMT has done in this first year
24 and a half of work is reviewed policies,

1 because we all know that the foundation of
2 being able to meet any of the reforms is having
3 the right and proper policies in place. We've
4 reviewed numerous policies, thousands and
5 thousands of pages, and some of the most
6 important policies, such as use of force,
7 policies on body-worn cameras and school
8 resource officers.

9 And the IMT uses a three-prong
10 test in order to determine compliance. The
11 first is primary compliance, second is
12 secondary compliance and third is operational.

13 They convinced me that tertiary
14 was not the way to go and did not have third
15 compliance, that operational compliance was the
16 way to go, as I was originally naming them.
17 But what primary compliance really means is
18 that you have the right policies and procedures
19 in place and they're designed to achieve
20 compliance.

21 Secondary compliance is you now
22 have the right policies in place, but you need
23 to train on those policies; you have to have
24 the proper supervision, you have to conduct

1 audits and inspections to make sure that you
2 are achieving and maintaining and monitoring
3 the compliance and that the policies are being
4 properly executed.

5 And to truly achieve operational
6 or full compliance, you have to make sure you
7 have the right policies and procedures, that
8 they are trained on and that they're followed
9 day-to-day -- during the day-to-day operations
10 of CPD, and that there's accountability when
11 the policies and the procedures and the
12 training are not followed.

13 And most important, especially to
14 everyone who takes their time to be involved
15 and to dial in to these meetings, in order to
16 achieve operational compliance, change has to
17 be felt in the communities. And that's very
18 important. And we have a Community Engagement
19 Team that works with the Independent Monitoring
20 Team. And I made up another acronym. We call
21 them the CET. And they work with me and the
22 other associate monitors to be out in the
23 community and learning what is being felt in
24 the community. What changes that CPD has made

1 are being felt in the community. How is the
2 community reacting? What does the community
3 think of these policies, of the training, how
4 they are being treated?

5 We're very lucky to have Laura
6 McElroy, Sodiqa Williams, who is the general
7 counsel and vice present of the Safer
8 Foundation. Elena Quintana, who is with the
9 Adler University. Joe Hoereth, who is with
10 UIC, Public Policy Institute. And Steve
11 Rickman who is the associate monitor for
12 community policing. Amongst them they have a
13 number of years of experience in working with
14 the communities. And I feel very fortunate and
15 really lucky to have them working with me.

16 And so they work to really
17 understand policing in the communities. We
18 want to really know how the changes that CPD is
19 making because of the Consent Decree are being
20 experienced in the community.

21 And, truly, in order to do this,
22 we need each of you. Have you felt that you
23 were served by the Chicago Police Department?
24 What is the level of trust in your community

1 regarding CPD? And what changes would you like
2 to see in CPD? You can contact myself and my
3 team, it's right up here, at
4 Contact@CPDmonitoringteam.com. We want to know
5 what you think and what you feel and what you
6 are seeing in your community.

7 We also pursuant to the Consent
8 Decree did a community survey. The consent
9 decree requires that we do this every other
10 year to assess Chicago residents' perception of
11 the Chicago Police Department on police
12 services, trustworthiness, community
13 engagement, effectiveness, responsiveness,
14 handling of misconduct complaints and
15 investigations, and interaction with members of
16 the Chicago community.

17 We conducted a survey and it was
18 filed and published in August of 2020, just a
19 couple of months ago, and it's available on our
20 website. And we will be conducting a survey
21 every other year.

22 And we've learned some very
23 important things that you can see in the chart
24 that's up, but one of the most important things

1 that we learned is that while 80 percent of
2 white residents surveyed said that police make
3 them feel safer, less than half the black
4 residents who took part in the survey felt the
5 same way, and just a third of young black men
6 felt that way. And only about half of all
7 respondents said Chicago Police officers are
8 trustworthy.

9 The over-arching implication of
10 this survey is that CPD has serious work ahead
11 to gain the trust of Chicagoans.

12 The experience of young black men
13 and their perception of CPD continues to
14 deserve special attention.

15 And during the off year when
16 we're not conducting a survey, this year, in
17 the second year, we will be doing focus groups
18 with groups of young black and Latino men and
19 their experience with CPD, and we will be
20 publishing that at the end of the year two.

21 So I ask you, get involved,
22 please visit our website, send us your thoughts
23 and observations on our feedback form, sign up
24 for our newsletter, attend a virtual community

1 meeting, send us an e-mail. We want to hear
2 about your experience. We know that you care
3 or you would not be attending this meeting
4 tonight.

5 So I want to thank you for your
6 time and your attention and your involvement as
7 a Chicagoan. And thank you very much

8 PRESIDENT FOREMAN: Thank you very much.
9 Board, anyone have any questions for Maggie?

10 BOARD MEMBER CROWL: Ghian, I had a
11 question. Maggie, you mentioned that you did
12 listening sessions that you thought were very
13 helpful and you did two days of virtual
14 hearings. Were there any kinds of common
15 themes or ideas that came out of that? Or do
16 we need to wait for your report for that? I
17 totally understand if it's the latter.

18 INDEPENDENT MONITOR HICKEY: Yes, I'm
19 sorry, there were common themes we heard
20 throughout that were repeated both the weekend
21 of May 29th, June 1st, June 2nd, the protests
22 at the Columbus statute and another protest
23 that happened in August, but we'll have to wait
24 until everything's completed and you will have

1 to stay tuned for the report.

2 BOARD MEMBER CROWL: Thank you for doing
3 that by the way. We're deeply appreciative, I
4 think all of Chicago, by the efforts that
5 you're making and your team is making.

6 INDEPENDENT MONITOR HICKEY: Thank you.
7 And thank you for your commitment.

8 BOARD MEMBER O'MALLEY: Ghian, I have a
9 question.

10 Maggie, maybe it might be helpful
11 for everyone on the call if you can just give a
12 high-level overview of some other major cities
13 that have gone through a consent decree and how
14 helpful that was and how long sometimes this
15 process is; in other words, it is not an
16 overnight fix and that often consent decrees go
17 on for extended or lengthy periods of time.
18 Generally, in the past, how successful are they
19 in helping bridge that gap between the
20 communities and police departments?

21 INDEPENDENT MONITOR HICKEY: Sure. There
22 have been many different consent decrees and
23 there's many consent decrees that are going on
24 right now. Off the top of my head, I think of

1 Los Angeles, which was successful in really
2 turning around. And police reform is very
3 important because when police reform happens,
4 then you are also able to affect crime, because
5 if you have that trustworthiness within the
6 police department, then people will be more
7 willing to cooperate with the police and the
8 rates of crime go down. And Los Angeles, I
9 believe, it was unfortunately about 12 years.

10 There was a time where I could
11 have told you all of them, but I know that the
12 average length of consent decrees that I added
13 up when I first took over, it averaged between
14 seven to nine years for the completion of a
15 consent decree.

16 Seattle was under a consent
17 decree, and they're almost reaching completion,
18 but now they're holding -- this year I know
19 well about that, because one of my associate
20 monitors, Kathy O'Toole, had been the police
21 chief in Seattle during the consent decree.

22 There is currently, you know,
23 consent decrees in New Orleans and Baltimore,
24 Portland and several other cities across the

1 country.

2 But it does take a lot of work.
3 There are 799 paragraphs in the Chicago Consent
4 Decree. It is one of the most comprehensive
5 consent decrees in the country.

6 There's also a Consent Decree in
7 Albuquerque and in San Juan in Puerto Rico
8 right now.

9 PRESIDENT FOREMAN: Thank you. Andy, did
10 you have a question?

11 BOARD MEMBER ZOPP: I did. Maggie, we hear
12 a lot about the areas where the Department has
13 not made as much progress as they were required
14 to or we want. Are there areas where you feel
15 like the Department has made progress, that you
16 are feeling positive about and about how the
17 overall work is going?

18 INDEPENDENT MONITOR HICKEY: Yes, there are
19 many areas that the police CPD has made
20 progress in. And I am very careful and very
21 balanced in my reports. And you will see that
22 even if they have not achieved compliance, we
23 describe in each area all of the things that
24 they have accomplished going -- moving forward

1 towards those goals. And so if somebody
2 has -- if CPD has not achieved compliance or
3 even missed a deadline -- sometimes they've
4 missed a deadline but then, you know, come
5 into compliance, at least primary compliance.
6 And in other instances while they may not have
7 reached compliance, they have done a lot of
8 work moving forward to the paragraphs.

9 And so CPD is doing work in each
10 of the areas of the Consent Decree, moving
11 forward and definitely moving towards trying to
12 achieve compliance.

13 PRESIDENT FOREMAN: Thank you. Reverend
14 Eaddy.

15 BOARD MEMBER EADDY: Ms. Hickey, I'm a
16 member of the faith community. And I was just
17 curious to know what you found in current terms
18 of the policies and interactions with the
19 religious communities?

20 INDEPENDENT MONITOR HICKEY: Sure. Well,
21 that's a very important part and it's written
22 into the Consent Decree that talks about, you
23 know, making sure that the hard-to-reach
24 communities, religious minorities, and other

1 things, that they are reached out to and that
2 their voices are heard.

3 I know that CPD does work with
4 their community policing and that they have,
5 you know, different organizations in each of
6 the districts. And I have attended the
7 faith-based meeting in, I believe, in Austin.
8 I'm trying to remember which district it was.

9 BOARD MEMBER EADDY: That's 15.

10 INDEPENDENT MONITOR HICKEY: I've been to
11 the faith-based meeting in 15. And, you know,
12 we check to see, you know, that the communities
13 are being reached out to. And I, myself, have
14 been to several different churches where I have
15 spoken to groups that have asked me to come.

16 BOARD MEMBER EADDY: Thank you.

17 PRESIDENT FOREMAN: Any other questions?
18 So, callers, I apologize right now. We don't
19 have the ability for you all to ask Maggie any
20 questions right now. But the
21 information -- Maggie, I'm going to ask you
22 instead of me trying to repeat it, if you can
23 give the website again, that would be great.

24 INDEPENDENT MONITOR HICKEY: Sure.

1 CPDmonitoringteam.com.

2 PRESIDENT FOREMAN: Thank you very much.

3 INDEPENDENT MONITOR HICKEY: Thank you,
4 all. And I look forward to hearing from the
5 community members on this call or people that
6 they tell about it.

7 PRESIDENT FOREMAN: Thank you.

8 A report of disciplinary action
9 taken by the Board during the previous month is
10 made available on the Board's website. There
11 are two disciplinary matters to announce this
12 evening.

13 Police Board Members Crawl and
14 Flores will make these announcements.

15 BOARD MEMBER CROWL: Thank you, Ghian.
16 Ghian, pursuant to Section 2-78-130 of the
17 Municipal Code of Chicago, I considered one
18 matter that Sydney, the Chief Administrator of
19 COPA, and the Superintendent of Police did not
20 agree on regarding the discipline of two police
21 officers.

22 Chief Administrator Roberts, she
23 recommended that Police Officers David Taylor
24 and Larry Lanier be discharged from the Chicago

1 Police Department for firing at or in the
2 direction of an individual in violation of
3 General Order 03-02.

4 Superintendent Brown recommended
5 that the charges or that the allegations be
6 classified as unfounded.

7 I considered the matter, and it's
8 my opinion that the Superintendent did not meet
9 his burden of overcoming the Chief
10 Administrator's recommendation.

11 Based on the facts and
12 circumstances of the matter, Ghian, an
13 evidentiary hearing before the Police Board I
14 believe is necessary to determine whether or
15 not Officers Taylor and Lanier violated any of
16 the Police Department's rules of conduct. And
17 a copy of this written decision will be posted
18 on the Board's website as required by the
19 Municipal Code and that's my report.

20 PRESIDENT FOREMAN: Thank you. Steve?

21 BOARD MEMBER FLORES: President Foreman,
22 pursuant to Section 2-78-130 of the Municipal
23 Code of Chicago, I considered one matter on
24 which the Chief Administrator of the Civilian

1 Office of Police Accountability and the
2 Superintendent of Police did not agree
3 regarding the discipline of an officer.

4 Chief Administrator Roberts
5 recommended that Police Officer Luigi Sarli be
6 discharged from the Chicago Police Department
7 for discharging his firearm at or in the
8 direction -- sorry. Discharging his firearm at
9 or into a moving vehicle in violation of
10 General Order 03-02. Superintendent Brown
11 disagreed with certain findings and recommended
12 that Officer Luigi be suspended for 180 days.

13 After considering the matter, it
14 is my opinion that the Superintendent did not
15 meet the burden of overcoming the Chief
16 Administrator's recommendation for discipline.
17 And based on the facts and circumstances of
18 this matter, an evidentiary hearing before the
19 Police Board is necessary to determine whether
20 Officer Sarli violated any of the Police
21 Department's rules of conduct.

22 A copy of the written decision
23 will be posted on the Board's website as
24 required by the Municipal Code.

1 PRESIDENT FOREMAN: Thank you very much.
2 The general orders and other directives issued
3 by the Superintendent during the previous month
4 are posted on the Police Department's
5 website.

6 I will now ask First Deputy
7 Carter to provide an oral report. First
8 Deputy.

9 FIRST DEPUTY CARTER: Good evening. I'm
10 happy to be here tonight to address the Chicago
11 Police Board. Also want to extend my thanks to
12 the members of the public that regularly
13 participate in this virtual meeting.

14 I will begin tonight by providing
15 an update on a topic that seems to be on
16 everyone's mind, that's the 2020 presidential
17 election.

18 Earlier today, CPD command staff,
19 along with Fire and other City agencies
20 participated in a tabletop exercise to prepare
21 for election night on November 3rd. We were
22 able to table and talk with a number of
23 partners, including the Chicago Fire
24 Department, Office of Emergency Management

1 Communications, the Board of Elections,
2 Illinois State Police and others.

3 We're working to create a
4 comprehensive plan that will be flexible with
5 an eye on both our neighborhoods and downtown
6 gathering spaces.

7 40 new police recruits began
8 their instruction into the Chicago Police
9 Academy on Monday. There's never been more of
10 a difficult time to be a police officer. In
11 fact, 67 officers have been shot at this year,
12 10 of which -- of those officers have been
13 struck by gunfire. And yet these fresh faces
14 walk into the academy nonetheless. And this is
15 the first new class in the academy since the
16 new training was suspended due to the
17 Coronavirus.

18 The new class is also diverse
19 with 52 percent of the recruits identifying as
20 Hispanic and 27 percent as African American.
21 30 percent of these new recruits are females,
22 which we believe will have considerable benefit
23 to the Department.

24 Finally, I wanted to update

1 everyone here on the Neighborhood Policing
2 Initiative which will be a game-changer for the
3 Chicago Police and communities.

4 There are 46 district
5 coordination officers that were -- that had
6 began training last month. They have now been
7 assigned to the 9th, 10th and 11th Districts.
8 I'm eager to see the impact these officers will
9 have in their communities. And we believe this
10 initiative has the ability to transform
11 communities throughout the City of Chicago.

12 These officers are trained to
13 actually listen to residents. And tonight I'm
14 here to listen to everyone participating in
15 this meeting.

16 Thank you, again, for your time.
17 Thank you for having me.

18 PRESIDENT FOREMAN: Thank you very much,
19 First Deputy. Chief Roberts.

20 CHIEF ROBERTS: Good evening, everyone.
21 President Foreman, thank you for giving me the
22 opportunity to talk to everyone today.

23 COPA just released its third
24 quarter report, and I thought I would touch on

1 a few things there.

2 This past quarter, COPA logged
3 just over 1500 complaints, referring about
4 1,059 to BIA and retaining for investigation
5 just over 450.

6 Forth Amendment complaints
7 continued to represent the largest complaint
8 category, followed closely this last quarter by
9 complaints of excessive force.

10 As been mentioned, mass
11 gatherings continue throughout this quarter,
12 and so COPA continued to record complaints tied
13 to protests.

14 To date, as -- well, rather,
15 actually at the end of September 30th, there
16 were more than 500 protest-related complaints.

17 Also, I wanted to mention that
18 this past quarter, COPA made four referrals to
19 criminal law enforcement agency.

20 COPA's major incident response
21 team reported two and have open for
22 investigation 17-officer-involved shootings.
23 We closed 329 investigations of which 60 were
24 closed with a finding of sustained, not

1 sustained, unfounded or exonerated; this
2 included 14 officer-involved shootings, one of
3 which involved the February shooting on the CTA
4 red-line.

5 COPA also closed the
6 protest-related complaint involving the officer
7 who hurled a homophobic slur during the
8 protests.

9 And in furtherance of our
10 commitment to transparency and building trust
11 amongst the residents of Chicago, COPA released
12 video and other related materials in 12
13 use-of-force investigations, two of which were
14 released in less than 30 days. We met
15 virtually with more than 20 different
16 organizations across Chicago. We also met with
17 residents and elected officials from
18 Philadelphia interested in expanding a role of
19 civilian oversight in the City, and we met with
20 federal legislatures to comment on pending
21 federal legislation aimed at improving police
22 reform and police accountability.

23 COPA also participated as a
24 panelist for the National Association of

1 Civilian Oversight of Law Enforcement's annual
2 conference addressing the school-to-prison
3 pipeline.

4 Anybody interested in more
5 information about COPA's activities over this
6 last quarter can go to our website at
7 WWW.ChicagoCOPA.org.

8 Thank you, Mr. President. That
9 concludes my remarks.

10 VICE PRESIDENT WOLFF: May I ask a
11 question? How does the volume of complaints
12 for this quarter compare to a year ago or two
13 years ago? Generally.

14 CHIEF ROBERTS: Yes, our complaints are
15 higher this year than they were last year;
16 however, the second quarter -- the majority of
17 the second quarter our complaints had gone
18 down, so we are projecting to be approximately
19 taking in the same number of complaints that we
20 took in last year. So the second quarter will
21 likely offset that. So we think we're trending
22 back to 2019. I hope that made sense.

23 VICE PRESIDENT WOLFF: Yes. Thank you.

24 PRESIDENT FOREMAN: Yes. Thank you.

1 I will now call upon members of
2 the public who signed in up in advance to
3 speak. Each speaker will be unmuted after I
4 call his or her name. Let me just confirm. Do
5 we have the ability to unmute or do we have to
6 press *6?

7 UNIDENTIFIED SPEAKER: Speaker will have to
8 press *6.

9 PRESIDENT FOREMAN: As I call your name, if
10 you can please press *6.

11 I do not see the first caller,
12 but I am going to call BettyWilson. Betty
13 Wilson.

14 The next speaker, Chris F. Chris
15 F has not joined.

16 Third speaker, CPD Transparency.
17 If you can please press *6. All right. There
18 we go.

19 CPD TRANSPARENCY: Hello again.

20 Where's the full IG report on
21 Eddie Johnson? What's taking so long with the
22 coverup of the coverup? I'm referring to the
23 identified slumping object named Eddie Johnson.

24 We want the Zapruder identified

1 slumping object X-File.

2 Eddie blew off one Donald and got
3 blown by another.

4 They need to put a black light on
5 that Tahoe and the Superintendent's office and
6 then burn them.

7 Was Eddie Johnson's wife Nakia
8 Fenner made Commander, Area 2 RBT?

9 Was the POWER test waived for his
10 son Daniel Johnson's entire graduating class of
11 218 recruits because Eddie knew Daniel couldn't
12 pass?

13 The lament is heard all across
14 CPD, "Why can't my boss read or write?"
15 If cops cheat each other for promotions, what
16 makes you think they won't cheat the public?

17 Why do some evidence technicians
18 not work as such but are paid as such?

19 CPD has a screaming need for a
20 zero-tolerance alcohol/drug abuse policy and a
21 zero-tolerance sexual harassment policy.

22 All addicts are liars.

23 I want to talk about two things.

24 First, the last FOP President, Kevin Graham,

1 was suspended from the police union for three
2 years for placing a surreptitious camera,
3 allegedly with remote access, in FOP President
4 John Catanzara's office. Kevin said, quote,
5 "Din du nuffin." Funny. That's what Kevin
6 always says.

7 If we had placed a hidden camera
8 in someone's office, we'd be arrested.
9 Either Catanzara is crazy or Kevin committed a
10 felony. Which is it?

11 Second, I want the name and star
12 of the drunk Chicago police officer caught
13 urinating all over the Chicago Police Memorial
14 near Soldier Field and the on-duty Chicago
15 police officer who caught him, yet did nothing.
16 The drunk cop said, "It's my park, too."
17 Then he said, "Save it. I'm a cop, too."
18 And he claimed to have worked with two of the
19 names on the wall. Do any of you have family
20 on the wall?

21 The cop urinating was white,
22 wasn't he?

23 That's the thin blue line code of
24 silence.

1 Graham-no consequence. Get
2 drunk, urinate all over the Police Memorial-no
3 consequences.

4 Can black people urinate all over
5 the Police Memorial now, too, with no
6 consequences?

7 I believe they might take you up
8 on that.

9 PRESIDENT FOREMAN: Thank you. Next
10 speaker, Krista Noel. Krista, if you can press
11 *6.

12 MS. NOEL: I'm here. Hello.

13 PRESIDENT FOREMAN: Hello.

14 MS. NOEL: How is everyone? I'm glad
15 everybody is fine and safe. My issue is
16 use-of-force policy and CPD's dismissing 155 of
17 the recommendations, which is absolutely
18 ridiculous.

19 But besides that, I do want to
20 make a comment. First Deputy, I don't know how
21 long you've been with the Chicago Police
22 Department, but if you consider this the worst
23 year of the Chicago Police Department, I ask
24 you to go back to the year where five police

1 officers were killed. Okay? That's a little
2 bit more serious and a little bit more
3 worrisome than 7 getting shot. Okay?

4 With that being said, I had a
5 question for the Police Board. You know, I've
6 been coming there for a long time. And I'm
7 kind of interested in some numbers from you,
8 and I'd like to see if you guys can get those
9 together. How many -- what's the breakdown of
10 how many police officers come to you guys by
11 race and by gender and how many of them are
12 fired by race and gender? I'm wondering if you
13 guys can do that.

14 PRESIDENT FOREMAN: I'll talk to Max about
15 it. So for sure we have the information about
16 guilty or innocent and what the punishment was.
17 Whether or not we keep track of race and
18 gender, I'm not sure. But we'll get back to
19 you with that answer.

20 MS. NOEL: Yeah. I think that's important,
21 because I want to make sure that there's no
22 bias when it comes to males over females and
23 there's no bias when it comes to white folk
24 over black folk or the other colors that are

1 out there. Okay?

2 So with that being said, can the
3 Chicago Police Department tell me why they
4 didn't accept 155 of the recommendations?

5 PRESIDENT FOREMAN: First Deputy, do you
6 have any thoughts on that one now?

7 FIRST DEPUTY CARTER: We'll get the answer
8 back to the Board and have that pushed out.
9 That's a comprehensive list of reasons why.
10 Some of them didn't meet -- or against state
11 law. Some of them were against our current
12 policies. A lot of them were actually already
13 within our current policy. So there was a lot
14 of redundancy what was being asked of us. But
15 we will get you an answer out -- a
16 comprehensive answer on all the questions you
17 just asked for.

18 MS. NOEL: So okay. Okay. Thanks. So I'm
19 interested because you at Chicago Police
20 Department sitting on the use-of-force working
21 group, and you're telling me that
22 recommendations went past police officers that
23 weren't by state law? As far as your policies
24 are concerned, your policies have to change and

1 we suggest they change. So I don't see that
2 being an excuse for --

3 PRESIDENT FOREMAN: Krista, if I might.
4 Krista, if I might. Let's get the -- the Board
5 back and we can take a look at it from there.
6 We have Maggie on the call now, and this is one
7 of the things that they are very likely taking
8 a look at as well. And so I look forward to
9 getting that report back from the First Deputy.
10 And, Ms. Noel, we will make sure we fill you in
11 with the appropriate information.

12 MS. NOEL: With respect, I will get that
13 report, because Women's All Point Bulletin is a
14 part of Campbell. So we will get the report.
15 I want answers.

16 PRESIDENT FOREMAN: Okay.

17 MS. NOEL: I don't think they're going to
18 come in the report.

19 PRESIDENT FOREMAN: Right, but he said he
20 is going to get back to us with the
21 comprehensive list of reasons why. So we'll
22 work to make sure that we get that for you. I
23 have to keep moving.

24 Next speaker is Joel Hamernick.

1 Joel, you can go ahead.

2 MR. HAMERNICK: Hi. Can you hear me?

3 PRESIDENT FOREMAN: Yes, sir.

4 MR. HAMERNICK: All right. Good evening,
5 everyone. President Foreman, thanks for
6 allowing me to share some of these comments.

7 I was on the call a month ago and
8 was describing a project that we've begun to
9 take place in the 3rd District. We have put
10 together a group of community residents to read
11 the Consent Decree together, section by
12 section, so we aren't reading all -- however
13 many hundreds of paragraphs Maggie was saying
14 earlier. We are looking at one section at a
15 time together. And together we are asking four
16 questions; what exactly has the City committed
17 to do? How are we doing on that, on those
18 promises? And how do we know how we're doing
19 on those promises, meaning what is the data and
20 where is the data coming from? And then very
21 importantly, what does it actually mean for our
22 district? We don't really live in the City as
23 a whole, we live in our district. So we're
24 particularly interested in thinking about how

1 these promises, how they perform through the
2 Consent Decree impact us on a district level.

3 Going into our most recent call,
4 we reviewed -- I read through the IMT report
5 that just came out, and I pulled five questions
6 out to share with the group. Do you think CPD
7 is trustworthy? As Maggie pointed out, about
8 half the City does not trust the police
9 officers in our City. This is a tragic, you
10 know, problem. And, of course, if you ask
11 black people in our neighborhood or young black
12 people in our community, it's worse. So we
13 want to do the things to lead to what everybody
14 has been saying, the Police Department, the
15 Mayor's Office, everybody else, we want to
16 build trust, and we want to build a
17 relationship in a way that leads to an
18 improvement in policing.

19 And, frankly, for the quality of
20 life for police officers, as well, not just
21 community members.

22 One of the things that I asked
23 for last time was to help us understand how our
24 commanders are evaluated. What are the metrics

1 to say this is a good commander or that one is
2 not a good commander? And then what is the
3 average tenure of commanders and officers in
4 our district?

5 Took me a while to finally get
6 through with Chief Boyd, but I spoke with him
7 yesterday, and I'm thankful for his response.
8 But we -- I'll just finish by saying this, we,
9 I believe, are on our 14th or 15th police
10 commander in 17 years that I've lived in the
11 3rd District. And trust and relationship are
12 impossible when the commanders and the police
13 officers are rotating so frequently.

14 Thank you for giving me some
15 time.

16 PRESIDENT FOREMAN: Thank you very much.
17 Next speaker, June Norfleet. Ms. Norfleet.

18 MS. NORFLEET: Can you hear me?

19 PRESIDENT FOREMAN: Yes, ma'am.

20 MS. NORFLEET: Good evening, everybody.
21 I'm so glad to have the opportunity to speak to
22 you tonight. And I'm grateful to my fellow
23 citizens that they have already touched on the
24 subjects that I had planned to bring to the

1 Board and make public for those of us who live
2 in the Grand Crossing area. So I will just
3 reiterate. One, we are concerned and dismayed
4 that such a significant number of the
5 use-of-force recommendations were not
6 sustained, and we do ask that that is reviewed.

7 Point in question is, what is the
8 process for us as citizens to have that
9 reviewed under a formal process?

10 Secondly, I was glad to hear one
11 of the deputy chiefs speak about the fact that
12 there is planning going on for the
13 post-election period. We would be remiss and
14 naive if we did not have a plan in place, some
15 readiness in the event at post election,
16 however it goes.

17 We must have that, and it cannot
18 just be for one night, we must look at a
19 broader horizon.

20 And we have a lot of work to do
21 to enhance the support and the communication
22 and partnership with the Police Department.
23 Thank you for the opportunity to speak. And
24 everyone stay safe. Good night.

1 PRESIDENT FOREMAN: Thank you very much,
2 Ms. Norfleet.

3 Next speaker, Jennifer Edwards.
4 Good evening.

5 MS. EDWARDS: Good evening, everybody. I
6 want to read just a couple of things. We
7 appreciate the collaboration of the CPD 6th
8 District and the Cook County Sheriff Initiative
9 Unit.

10 The appreciation is evident in
11 the increasing numbers of community
12 participants at the roll call in our areas on
13 the past four Wednesdays. We also thank the
14 CPD and the Superintendent for their
15 willingness to collaborate with the Sheriff's
16 Unit.

17 After just four weeks in our
18 area, the collaboration has been successful in
19 resulting in a reduction of shots fired, a
20 reduction in violent crimes, and positive
21 community engagement.

22 The community is interested and
23 thankful. Our optimum goal is to continue
24 collaboration and increase positive community

1 interaction, produce contact for the NPI
2 program, improve the community policing model,
3 and expand the concept of creating community
4 outposts for community residents and police
5 use. Probably the number of abandoned homes in
6 our area can help with this.

7 We're also interested in
8 supporting the Mental Health Crisis Response
9 Alternative Model to be presented in the City
10 Council to assist community members in crisis,
11 because we recognize that police cannot handle
12 all situations and because many police calls,
13 domestic calls, may be a result of mental
14 health issues.

15 We want to thank you for the new
16 3rd District initiative. And Matt Brandon says
17 Hello. He is on the 6th District community
18 conversation. And that's all we have to say.
19 Thank you, everybody.

20 PRESIDENT FOREMAN: Thank you very much.
21 So First Deputy and Maggie, I want to point out
22 a couple of things. So we just heard from Ms.
23 Edwards. This is a group of neighbors that
24 come to the Police Board every month probably

1 for the last year or so. And, you know, they
2 come with legitimate concerns. But not just
3 with concerns, they also come with some
4 potential solutions, right?

5 And so here today, typically,
6 we're going to hear about all the things that
7 the police are not doing well, right? But in
8 this case, the community is coming with a
9 potential solution. Might not be the solution
10 that everybody likes, but I think it shows a
11 good way how our community and police kind of
12 work together.

13 And then going back to the
14 example of community member Joe Hamernick
15 getting community members together, Maggie, and
16 going line by line through the Consent Decree,
17 so any resources that are available there.
18 These are the kinds of things that we want to
19 try to make sure that we're bringing to the
20 Police Board so it's not just two minutes of
21 speaking and then see you next month, but to
22 make sure there's some actionable items that we
23 can take out of this and really kind of create
24 this dialogue that will allow us to move

1 forward and really make some improvements.

2 So thank you for that

3 parentheses.

4 Next speaker, La'Rie Suttle. I

5 do not think that I saw her sign in. Yes.

6 La'Rie Suttle, yes. You have to press *6, Ms.

7 Suttle, if you can hear me. Okay.

8 Next speaker, Flora Suttle.

9 Flora Suttle. If you can press *6. I'll call
10 on you again.

11 I believe, La'Rie Suttle, I can
12 see that you are on. I'll try you back. Next
13 speaker, John Perryman.

14 MR. PERRYMAN: Good evening, everyone. I'm
15 just here to talk tonight, in May I came to you
16 guys with a concern about our parks on the west
17 side. There's a specific park with a large
18 drug market that's affecting the entire park
19 and it's making it pretty much unusable. Large
20 amounts of needles, violence in the park and
21 encampments. So this is something I brought in
22 May, and the Superintendent, I met with them,
23 and they said they were on it. And we're just
24 not getting much improvement. The park is

1 still flourishing. I did see some police out
2 there today. It always happens right before a
3 Police Board meeting, something gets activated,
4 then after the meeting the status quo remains.

5 So as you can tell, I'm probably
6 kind of frustrated about it. But I would like
7 to hear from the representative from the police
8 about this specific issue and about what's
9 going on or any kind of updates, because we
10 lost an entire summer being able to use our
11 parks in a time when outdoor space is extra
12 necessary. And it just seemed like this
13 problem was shoved to the side, kind of given
14 lip service in these meetings.

15 So I would just like to hear from
16 the police representative that there's tonight,
17 if I can hear what's happening over there.

18 FIRST DEPUTY CARTER: Mr. Perryman, I'm
19 sorry, but I'm unaware of which park you speak.
20 Can you tell me what park you are talking
21 about?

22 MR. PERRYMAN: This is Garfield Park.

23 FIRST DEPUTY CARTER: Garfield Park is a
24 pretty large park. Is there any specific

1 location around Garfield Park? Intersection,
2 corner or --

3 PRESIDENT FOREMAN: Might I do this, First
4 Deputy, if I might, and Mr. Perryman. This was
5 a last-minute switch for the First Deputy to
6 come in, and so there's a lot of intel that you
7 would kind of have to gather right now. And
8 there's been ongoing conversation. Certainly
9 Chief Cato has been involved in some of the
10 conversations.

11 So if I might ask, First Deputy,
12 if I can get you in touch with Mr. Perryman,
13 maybe if we can get an opportunity for you to
14 gather a little bit of information while the
15 Superintendent is unavailable, and we can have
16 a follow-up conversation, because this has been
17 an ongoing problem for Mr. Perryman and some
18 very specifics have been discussed.

19 MR. PERRYMAN: It is a problem for our
20 community. It is not my problem. It is a
21 community problem.

22 PRESIDENT FOREMAN: Pardon me. But you've
23 been the representative coming really
24 representing the community right now. So

1 rather than trying to repeat all of the
2 different instances and corners, if I can make
3 an arrangement for you guys to speak, First
4 Deputy, get you up to speed on it and then we
5 can do some follow-up with Mr. Perryman.

6 FIRST DEPUTY CARTER: I'd appreciate that.

7 MR. PERRYMAN: Since we've spoken so many
8 times already, can we set up a meeting to get
9 this sorted? Because part of it is this
10 humiliation of having to explain the problem
11 again and again that I would like to avoid.

12 PRESIDENT FOREMAN: Right. So that's why
13 what I'm suggesting right now is, we will get
14 you with the First Deputy. You've spoken with
15 the Superintendent, now we will get you with
16 the First Deputy and hopefully we can try to
17 get some resolve.

18 Last month you gave a big
19 compliment, right? This month not so much so.
20 We want to get back on the compliment train.
21 We want to see some action for the community.

22 MR. PERRYMAN: Yeah, and I will probably
23 take back that compliment because we're getting
24 kind of stuck. I'm getting lip service, I'm

1 getting ideas but no implementation. And it's
2 unsafe. They were shooting an AK-47 on the
3 edge of the park two weeks ago. It is unsafe.
4 It's an unsafe place to be. And it is not
5 right that there's a large market that's going
6 on flagrantly, and we would like some attention
7 on that matter immediately. Real attention
8 with follow-up. Thank you.

9 PRESIDENT FOREMAN: Thank you. We have one
10 speaker left, so I'm going to run by the
11 speakers who I've already called. Betty
12 Wilson? Chris F. La'Rie Suttle. Ms. Suttle,
13 are you still here? No. Flora Suttle. La'Rie
14 Suttle. Okay.

15 MS. LA'RIE SUTTLE: Can you hear me?

16 PRESIDENT FOREMAN: Yes, ma'am.

17 MS. SUTTLE: Good evening, Superintendent,
18 First Deputy, Members of the Board, Chief
19 Roberts. Nice to hear that the Independent
20 Monitor is on the call tonight.

21 My name is La'Rie Suttle. I live
22 within the 4th Police District. This month, if
23 possible, I'd like to keep my share of updates
24 brief.

1 First, I'd like to thank the
2 participants from the community, Mayor's Office
3 for Public Safety and Communities on Public
4 Safety City Council members for this morning's
5 violence reduction contract hearing. I think
6 this conversation was necessary, timely and
7 raised very interesting points of community
8 coordination, expectation, resources, training
9 and supervising for serving populations and
10 reporting and tracking.

11 I hope Chicagoans will join the
12 Committee of Public Safety virtually next week
13 for CPAC versus GAPA hearing.

14 I'd also like to thank CPD's 4th,
15 7th, 9th, 15th and 22nd Districts for hosting
16 their virtual community conversations.

17 Officers and residents of that
18 district had a ton of good conversation and
19 things to report back.

20 I know the 6th and 10th Districts
21 are currently having their virtual community
22 conversations tonight. I wish them luck. I
23 wish I could join them. And I know that the
24 3rd and the 11th Districts have virtual

1 community conversations coming up.

2 So some things that jumped out to
3 me as common themes so far in our conversations
4 are community engagement, violence, drugs,
5 accountability, quality of life.

6 And my grandmother, Flora Suttle,
7 currently she is recovering from tonsil cancer.
8 She received -- I mean she survived 35 sessions
9 of radiation these past eight plus weeks, but
10 she wanted to share that she's reviewed the
11 COPA's -- COPA's 28-page rules and regulations
12 effective April 13th, 2018, specifically
13 referring to, I believe, page 7, Article 2, on
14 reopening investigations, and she wanted to
15 know who she could talk to within the Deputy of
16 the Inspector General For Public Safety about
17 my father Derrick Suttle's case. That's it for
18 tonight. Thank you.

19 PRESIDENT FOREMAN: Thank you very much.

20 And our last speaker is Mr. Robert More.

21 MR. MORE: Okay. Mr. Foreman, can you hear
22 me?

23 MR. FOREMAN: Yes, sir, but you're going to
24 have to put one of your phones -- one of your

1 phones, you're going to have to put it on mute.

2 MR. MORE: Got you. I just turned it off.

3 Here's the situation. First of
4 all, is the Superintendent present tonight or
5 not?

6 PRESIDENT FOREMAN: The Superintendent is
7 not present. The First Deputy is present.

8 MR. MORE: How is it justified -- since he
9 doesn't have to be physically present, what is
10 it that rendered it not possible to get a
11 recording of his demeanor? I've demanded that
12 in the past. Why couldn't he participate
13 remotely like the rest of us are?

14 PRESIDENT FOREMAN: He has a substitute
15 here, Mr. More. I don't want to use your time
16 like this.

17 MR. MORE: Okay. Mr. Foreman, you know
18 what? You do some positive things, you are
19 juggling balls, you're keeping things in the
20 air, but I really -- I cannot continue to
21 countenance the interception of my petitions
22 that are directed towards the Superintendent.
23 You are supposed to simply regulate the
24 activity. And if you want to speak after about

1 something I spoke, you are invited to do that,
2 but I got 120 seconds. I need to make a public
3 record.

4 My purpose in these conveyances
5 is either, A, get stipulations from the City of
6 Chicago, from the Superintendent. He is the
7 chief policy-maker. He is responsible for the
8 activity that's conducted by his subordinates.
9 That's number one, to get stipulations.

10 Number two is contribute to the
11 controlling of the presentation of his state of
12 mind.

13 As I've explained before, this is
14 so important. If Kerik's state of mind had
15 been controlled coming up the month before
16 September 11th -- Kerik was the Superintendent
17 of the City of New York Police Department. If
18 somebody had been controlling the presentation
19 of his state of mind or any one of the top ten
20 people responsible for the false flag terror
21 act of September 11th, it probably never would
22 have happened.

23 The third issue is make a public
24 report for posterity sake. Okay? Because this

1 is so important to present accurate history of
2 the actual causes of observable phenomenon that
3 constitute unjustified detriment to legitimate
4 reliance interests.

5 So whatever your intention is, I
6 impute to you -- give you the benefit of the
7 doubt, but, please, you got to discontinue the
8 interception of my conveyances. You can
9 comment afterwards.

10 What I can't say in this
11 conveyance is going to be posted in the website
12 JN21-15TROTCTR.tripod.com.

13 I disclaim the continued
14 existence and operation of all nominal
15 government entities which are controlled by the
16 ten banking families and actually constitute
17 instruments of the --

18 PRESIDENT FOREMAN: Thank you, Mr. More. I
19 let you go over since I took a little bit of
20 some of your time. So, hopefully, you don't
21 hold that against me. I went over the two
22 minutes.

23 At this time, all members of the
24 public who signed up in advance to speak have

1 been called. But before I call for a motion
2 for adjournment, I just wanted to take this
3 time to remind everybody about two things.
4 One, census. This is the last opportunity we
5 have to fill out the census. It's very
6 important. It brings a lot of resources to our
7 City, so that's very important.

8 And secondly, let's make sure
9 that we vote.

10 Is there a motion to adjourn?

11 BOARD MEMBER WOLFF: This is Paula Wolff.
12 I move we adjourn.

13 BOARD MEMBER EADDY: Michael Eaddy.
14 Second.

15 PRESIDENT FOREMAN: All right. All in
16 favor, please say aye.

17 (CHORUS OF AYES.)

18 PRESIDENT FOREMAN: At this time, the
19 motion passes and the meeting is adjourned.

20 Thank you very much and everyone
21 please stay safe. Thank you.
