MEMORANDUM

To: Ms. Jamie L. Rhee

From: *John F. Spatz, Jr.*

Department of Water Management

Date: March 02, 2010

Subject: Request for Emergency Authorization (Rx 48713)
Reinforced Concrete Sewer Pipe, Fittings, Gaskets and Catch Basins

The Department of Water Management is requesting an emergency contract for Reinforced Concrete Sewer Pipe, Fittings, Gaskets and Catch Basins. Due to circumstances and uncertainty surrounding the current vendor, Azteca Supply, DWM would like to request an emergency contract.

Currently, DWM has outstanding orders needed immediately for construction jobs scheduled as early as 3/4/10, April, May, September and October of 2010. Based on this immediate need, DWM solicited four vendors who provide the equivalent commodity and their ability to deliver immediately. DWM received one quote from Elmhurst Chicago Stone and a quote response from Concrete Specialties. However, Concrete Specialties did not provide complete pricing and could not deliver immediately. Elmhurst Chicago Stone provided a complete quote and agreed to make deliver immediately. Therefore, DWM recommends that the emergency contract be awarded to Elmhurst Chicago Stone. Attached is the DPS checklist, requisition 48713 and quote from Elmhurst Chicago Stone Co. Also attached is documentation from Concrete Specialties, Sewer Builders Supplies and Welch Bros.

If you have any questions or need any additional information, feel free to contact Felicia Rawlings at 312-745-0581.
