Subject: Job Order Contract - Department of Water Management
Project Description: JWPP Sandblast and Paint Traveling Screen Support Structure
Project No: S-07-040.A-2
Contract No: 9911
Spec. No: 26936
Estimated Cost: \$200,000.00
Funding No.: 006-0212-0882020-0550-W706-220550-06305060

Dear Ms. Lumpkin:

This Department is requesting that the Contractor blast clean existing traveling screen steel support structures and paint with two coats of Ameron Coatings Amerloc 2. This space is JWPP defined Permit-required Confined Space and shall have Certified Safety Professionals present to support the work.

Estimated duration of this Project is (6) six Weeks.

Enclosed is the preliminary estimate of cost for the work involved and a project description. Funding for this work is in place.

If you concur with this request, please notify this office as soon as possible and forward a copy of the approved memorandum of authorization. For any further information concerning this matter, contact Richard Patrick, Bureau of Engineering Services at 744-5067.

Yours Truly,

For John F. Spatz, Jr.
Commissioner

Utilizing JOC For City Construction Projects

Project No: S-07-040.A-2
JWPP Sandblast and Paint Traveling Screen Support Structure

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

The Intake Basins will be taken out of service when water demand reduces. At that time blast clean existing traveling screen structural support steel and paint with two coats of Ameron Coatings Amerlock 2.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

This work needs to be performed as soon as the East and West Intake Basins can be shut down for cleaning. There is not sufficient time (nor does this type of work require) to develop detailed plans and specifications then bid the work and award a contractor. This project can be defined by a written scope of work and the JOC Contractor can start more quickly.

3. If the project is a one trade project, please provide additional explanation of why it would not be in the city's best interest to do the project under JOC.

N/A.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

Except for the JWPP Permit-required Confined Space requirements of this work no other NPP will be required. It is anticipated that less than 25% of the cost will be NPP.

5. If some elements of the proposed JOC Project scope of work are covered by city term agreements, these elements should be removed from the JOC Project.
