For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

The original scope of work includes concrete repair, adding reinforcing steel to the underside of the deck and concrete replacement. The additional work includes resurfacing the northbound entrance ramp for Lake Shore Drive. The additional work was not covered in the original scope and could not be anticipated at the beginning of the project.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

This is an emergency repair project. At the present time, the underpass is unsafe for pedestrian traffic. It would not be time or cost effective for us to perform the work through the City's traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

More than one trade will be involved

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

N.A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
