Mission and Priorities

OUR MISSION

Working with community partners, we connect Chicago residents and families to resources that **build** stability, **support** their well-being, and **empower** them to thrive

OUR PRIORITIES

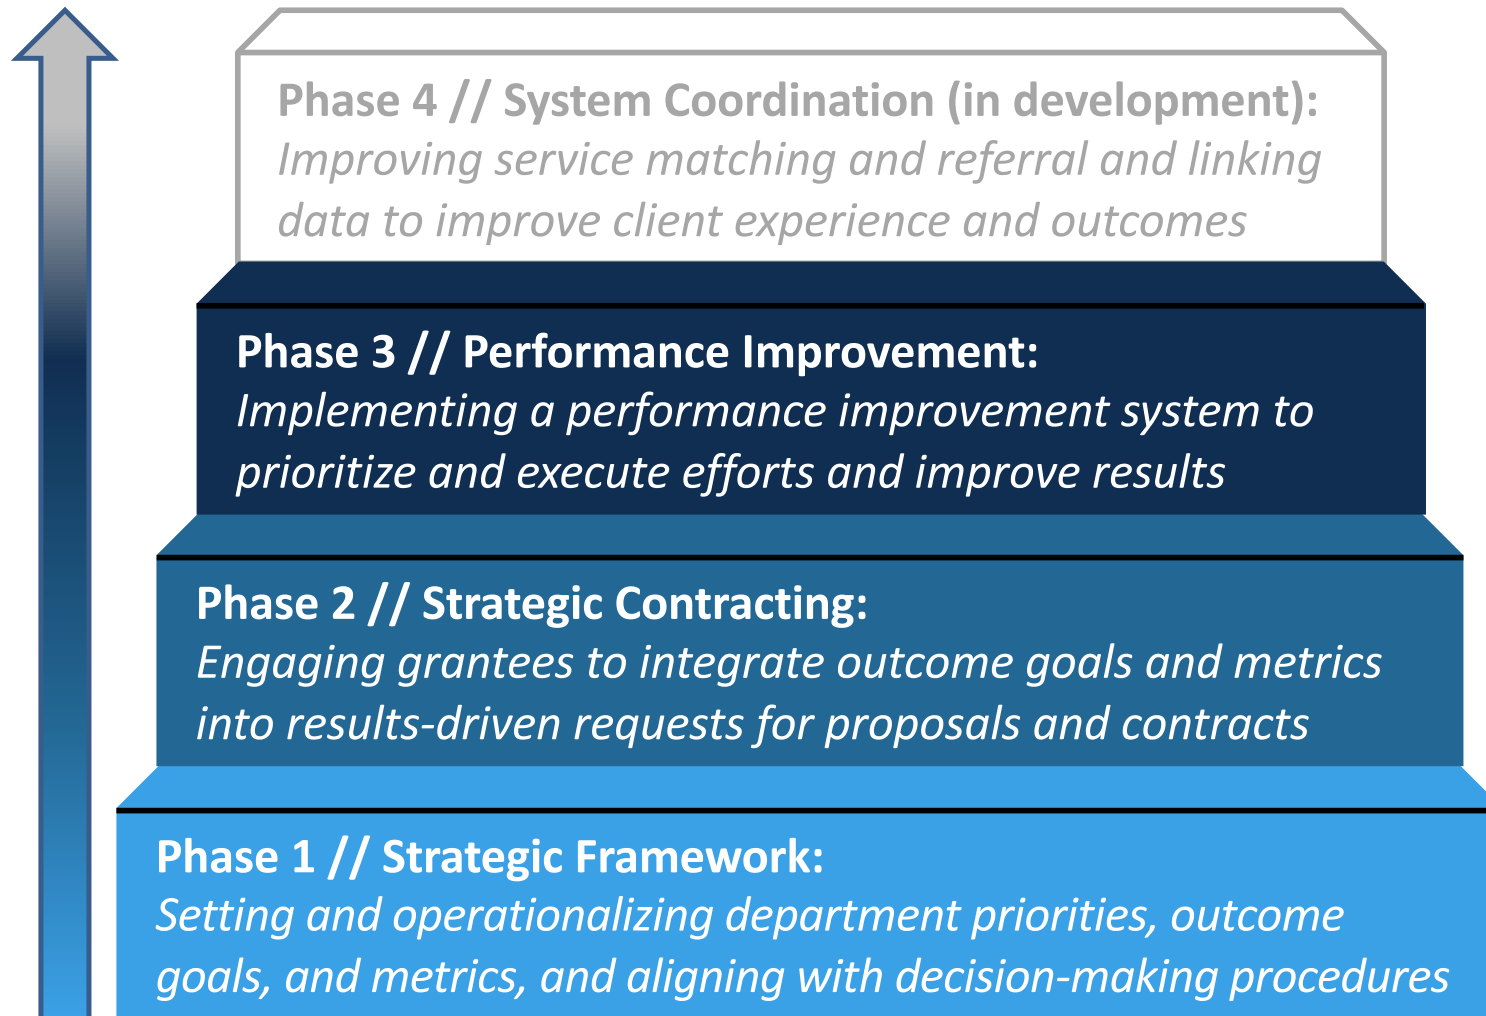

Deliver and support high quality, innovative, and comprehensive services that empower clients to thrive

Collaborate with community partners, sister agencies, and public officials on programs and policies that improve Chicagoans' lives and advance systemic change

Inform the public of resources available to them through DFSS and its community partners

Steward DFSS' resources responsibly and effectively

 **The goal of DFSS' Commitment to Outcomes is to achieve better results for vulnerable Chicagoans.**

At DFSS, RFPs are viewed as critical strategic tools.

We want to use RFPs and contracts as critical tools to:

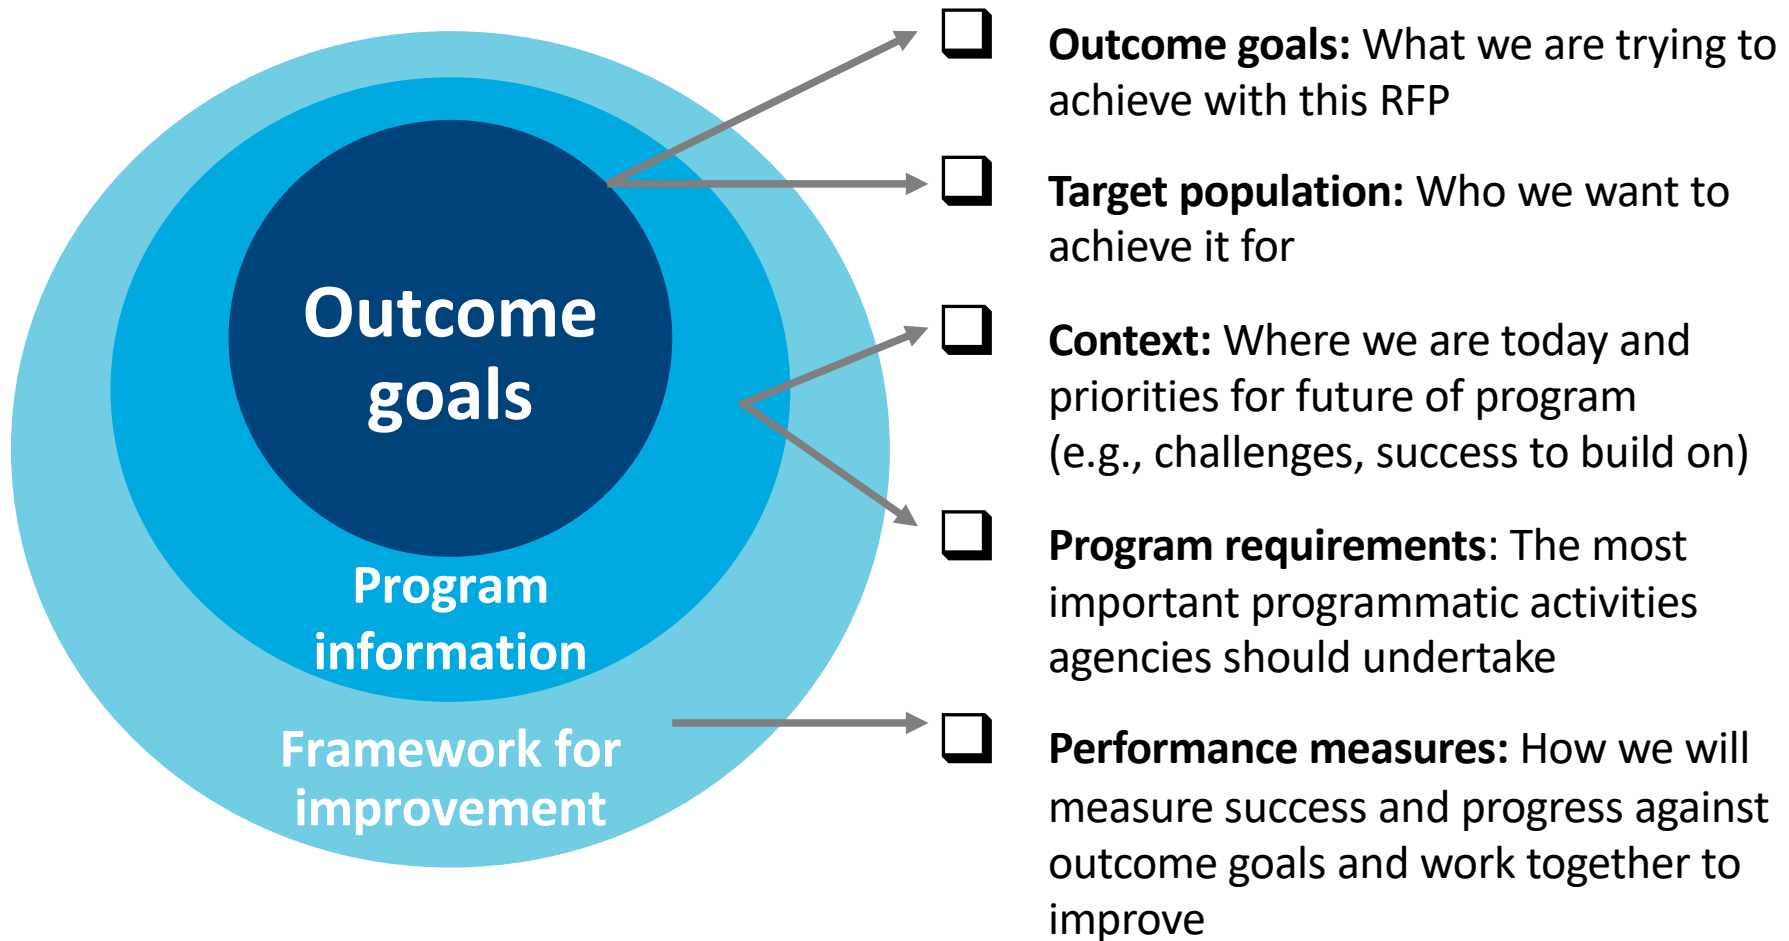

- Ensure outcomes continue to be at the center of our work
- Develop a shared understanding of priorities for and how we will track improvement
- Support two-way communication between DFSS and delegates about best practices, high-quality services, and the needs of those we serve

We've adjusted the structure and content of our RFPs and application questions to:

- Shift focus from activities to goals
- Align DFSS priorities with selection criteria and application questions
- Pose questions that provide the most relevant information for decision-making

DFSS RFPs articulate what we want to achieve together for Chicagoans, rather than focusing on activities alone.

DFSS selection criteria reflect our focus on results and best practices.

Selection criteria categories:

1 Strength of proposed program

Applicant proposes to deliver services appropriate to achieving desired outcomes for the target population, in line with an evidence base or field best practices

2 Performance management and outcomes

Applicant has strong past performance and is capable of collecting and using data to manage performance

3 Organizational capacity

Applicant has appropriate staff, systems, processes, and other organizational capabilities to execute the work and reflects diversity of communities it serves

4 Reasonable costs, budget justification, and leverage of funds

Applicant is fiscally sound with reasonable proposed costs, and can leverage non-City funding for program

Key changes:

This year, based on applicant and evaluator survey feedback, we have focused on more clearly describing program expectations and priorities for improvement.

Additionally, given events over the past year, we have reviewed all of our RFPs to integrate a greater focus on equity and lessons learned about service delivery during the COVID-19 pandemic.
